BLOOD PURIFIER AND BLOOD PILLS.

DR. ROBACK'S SCANDINAVIAN REMEDIES. When Dr. Rolmek, the renowned Swedish Phy-sician, introduced his Blood Purifier and Pills into the United States, he set forth in plain terms their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men, whose character for his hands. Enlightened men, whose character for sound judgment and philosophy gives their opinions weight in the community, men who observe, reflect and make "assurance doubly sure," before they decide, are everywhere approving and urging the use of these wonderful preparations. All who confide in the wisdom and honesty of this class, or who choose to investigate for themselves, are now of one

mind on this important subject.

The evidence in the possession of Dr. Roback which is at all times accessible to the public, establishes the following:

That the BLOOD PURIFIER and BLOOD PILLS have been proved by analysis to CONTAIN NO MINERAL;

That they cure the almost universal complaint, with uncering certainly, and in a very short time, That after all other medicines have proved uscless they relieve LIVER COMPLAINT, and restore the health and strength of the sufferer,

That suck PENALES, who have languished for years in helpless weakness and despendency, recuperate with almost mira-culous rapidity under their invigorating operation, That all Sexual Disabilities are removed by their cordial and gently stimulating properties. That they recruit anartraure constitutions, however, they may have been trilled with and abused. That their direct tendency is to lengthen life, and render it enjoyable. That operating directly upon the poison of disease in the blood, they can soon to near CAUSE SOON TO HEAL,

Bear in mind that the Scandinavian Blood Pills are endorsed by the experience of thousands of liv-ing who, letter, affidavit, medical works and word of month proclaim them to be the very best prepar ation ever offered to the broken down victims of ill

health. It haunts disease through every avenue and organ of the system, and expels it thoroughly and permanently.

-MY THEORY AND TREATMENT Are new and different from any one in the United States, and I challenge any one to produce the same success that I have met with in treating Chronic Discusses. My theory is based upon the chemical operations of the body, believing diseases to depend upon a dispreportioned condition of the fluids of the body, whereby the solids be come unhealthy by analysing the secretions, blood, &c., of the body, and finding out what is deficient or in excess and supplying to the system what is wanting. I am enabled to cure often by a small amount of medicines for long years to no effect.

Now Dyspepsia, in the great majority of cases, dedends mainly upon a disproportioned state of the gastrie or digestive fluids of the stomach. When this gastic fluid is proportioned properly, the food is thorougly digested and assimilated. Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparille, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

SCROPULA AND SCROPULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, Pimples, Blotches, Tumors, Salt Rheum, SCALD HEAD, SYPHILIS AND SYPHILITIC AP-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERVSIPELAS, ROSE OR ST. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the discusses it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

USE LADD, WEBSTER & CO.'S

TIGHT STITCH SEWING MACHINE? The Stitch Alike on Both Sides.

The Ladd, Webster & Co,'s Machines are of the most substantial make and elegant finish, are strong, reliable, simple in construction, easily operated, by a novice, and with ordinary care, last years without the amonying expense of reparing always incurred on the cheaper, less reliable and more complicated machines.

There is no instrument in use for sewing, capable of doing a greater variety of work than these machines; with the celebrated wheel feed they will handle the finest muslin, the beaviest broadeloth, or will work in the thickest leather used by shoomakers, or carriage trimmers. They will also run over seams and gathers with the same facility as over plain work. The stitch made from them is by two threads, alike on both sides of the fabric leaving no ridge on the under side to wear out and loosen the work, a decided fault with all loop or chain stitch machines. achines.

The needles are not curved and liable to brake, but are straight and have a perpendicular motion, which is absolutely necessary to adapt the machine to all sortsof work. They will bind with a binder and him with a hemmer; will stitch, fell and gather; are fully licensed under "Howe's Extended Patent," and are free from all infringements. During seven years of use they have won enviable reputation of being "the best family and manufacturing machine in the country."
